PAK-IT® All Clear Laundry Detergent Earns Green Seal® Certification

February 13, 2018 Philadelphia – Big 3 Packaging LLC (B3P) has been awarded Green Seal certification for PAK-IT® All Clear Laundry Detergent, meeting the strict environmental and performance guidelines of the Green Seal Standard for Laundry Care Products for industrial and Institutional Use (GS-51).

ABOUT PAK-IT® ALL CLEAR LAUNDRY DETERGENT

PAK-IT® All Clear Laundry Detergent is dye-free, fragrance-free and phosphate-free. It was engineered for those with skin sensitivities or allergies and it is ideal for use in public environments such as schools, hospitals, corrections and hospitality where such needs are unknown. PAK-IT® All Clear Laundry Detergent works in all top and front-loading machines as well as high-efficiency machines in all water temperatures. PAK-IT® All Clear Laundry Detergent contains a unique blend of surfactants, stain removers, water softeners, brighteners and odor eliminators. It is gentle on the skin and the environment but tough on stains. Simply drop 1 pre-measured PAK-IT® All Clear Laundry Detergent into a standard laundry load. There is no need to cut, tear or open the pod. PAK-IT® was certified for its All Clear Laundry Detergent Tub containing 100 x 15g PVA pods, providing use-dilution of 100 loads, or a Jar of 20 x 15g PVA pods for 20 loads.

“The Green Seal certification of this product is further evidence of the company’s ongoing commitment to delivering commercial cleaning products that are simple, safe and sustainable,” said Owner and CEO of Big 3 Packaging LLC, Richard Higgs. “The combination of Green Seal certification along with PAK-ITs unique pre-measured, liquid hyper-concentrated formula in single-dose, water-soluble packaging is a compelling solution for customers with concurrent sustainability agendas and high-performance requirements.”

Green Seal certification entails a thorough technical product review and an on-site process audit. This ensures that PAK-IT® All Clear Laundry Detergent is manufactured conserving natural resources, using 100 percent recyclable components and packaging that protects human and environmental health, while reducing waste. Specifically, PAK-IT® All Clear Laundry Detergent is non-toxic, biodegradable, contains minimal VOCs and is not formulated with carcinogens. The full list of criteria and details for this GS-51 certification can be downloaded at www.GreenSeal.org.

ABOUT BIG 3 PACKAGING LLC

Big 3 Packaging LLC (B3P) is a chemical and packaging manufacturer based in Philadelphia PA. B3P specializes in research, development and production of liquid chemical concentrates for single-dose dissolving pods for industrial, commercial and retail purposes. B3Ps flagship brand is PAK-IT®, however, B3P also offers private label services for a number of medium and large consumer product organizations and dealers. For more information on B3P please visit www.big3packaging.com and for more information on PAK-IT® visit www.pakit.com. PAK-IT® is proudly made in the USA and B3P is honored to be a part of Americas renaissance in manufacturing.

ABOUT GREEN SEAL, INC.

Green Seal®, a nonprofit organization founded in 1989, is the nation's premier ecolabel, symbolizing transparency, integrity, and environmental leadership. Its flagship program develops life-cycle-based environmental standards, and certifies products and services that meet them. Green Seal standards cover 450 categories – from janitorial supplies and paints to cleaning services and hotels – and are specified by countless agencies and institutions. Green Seal’s science-based programs empower choices and improvements that transform the economy for a healthier, greener world. For more information, visit GreenSeal.org, or call 202- 872-6400.

These products meet Green Seal™ Standard GS-37, GS-51, or GS-53, as applicable, based on effective performance, concentration of product, minimized/recycled packaging, and protective limits on VOCs and human & environmental toxicity. Non-aqueous liquids have alternate thresholds for acute toxicity, and added requirements for packaging and labeling. GreenSeal.org.
